FOR IMMEDIATE RELEASE

Canadian Brass and Copper Co. Joins the EuroGutterUSA Team

Ornametals Manufacturing (“Ornametals”) announces today that Canadian Brass and Copper Co. joins the EuroGutterUSA Team as distributor of the EuroGutterUSA line of rainwater products. Canadian Brass and Copper, located in Toronto, provides an excellent opportunity for Ornametals to further serve its customer base in eastern Canada.

“ We are pleased to partner with Ornametals to offer its high-quality, easily available EuroGutterUSA line of products,” says Rob Cox, Marketing Manager of Canadian Brass and Copper Co. “Our customer base will be especially pleased with Ornametals’ seamless weld downspouts in copper and zinc.”

Ornametals began manufacturing its EuroGutterUSA line of rainwater products in 2008. Its 27,000 manufacturing facility is located in Cullman, Alabama. Ornametals recently introduced EuroGutterUSA at the International Roofing Expo in Las Vegas with a video of its production facility. The video can be viewed in full at DesignandBuildWithMetal.com and at www.eurogutterusa.com.

Manufactured in the U.S. at Ornametals’ state-of-the-art facility, EuroGutterUSA is a complete line of European-quality half-round gutter, seamless weld downspouts, and accessories in copper and zinc. “We are very proud to be a U.S. manufacturer, says Guenther Huber, President of Ornametals. “And our entire staff stands ready to support our partners throughout North America.”

Ornametals is actively seeking members of the EuroGutterUSA Team, a group of distributors and other partners who understand the value of investing in a U.S.-manufactured product that represents the highest quality and value. As a member of the EuroGutterUSA Team, Canadian Brass and Copper will enjoy unparalleled marketing and technical support from Ornametals.

“Canadian Brass and Copper is the latest in the growing list of committed EuroGutterUSA Team members. says Amir Massihzadeh, OM. “We are building a team of partners who will receive the highest quality rainwater system in the world along with outstanding service. We are committed to providing our customers top quality products at competitive prices . As a result we not only help our economy but also the environment.”

About Ornametals

Ornametals is a U.S. manufacturer of EuroGutterUSA, a complete line of rainwater goods in copper and zinc. Offering a full-line of gutters, downspouts, and accessories, Ornametals is a “one-stop-shop” for roof drainage supplies. With its recent installation of two top-of-the-line rollforming lines in its 27,000 square foot manufacturing facility located in Cullman, Alabama, Ornametals is the only U.S.

manufacturer of a complete system of European-style rainwater goods. To complement the EuroGutterUSA line, Ornametals also offers custom-made radius gutter and custom and in-stock roof ornaments, leaderheads, finials, chimney caps, flashing and more. For more information visit www.ornametals.com, or contact us at (256) 350-7410.
